Experience

UX/UI Designer, Constellation Software / valeyo.com

Jan 2023 - July 2024 / Toronto, ON

- Valeyo's product team was acquired by Constellation Software.
- Led the design of Ori and Nova, a Loan Origination software and Insurance Application software for North American Credit Unions, to manage loans, insurance, and reporting for lenders.
- Launched 3 new products each onboarded 3-4 new clients in the first month.
- Collaborated often with Engineering, PM's, BA's, and Data to align and land new features and iterate on existing ones.
- Iterated on an outdated design system, and collaborated with other UX/UI Designers to create a new Design System 2.0.

UX Designer, Questrade / questrade.com

Apr 2022 - Nov 2022 / Toronto, ON

- Launched 2 major design features to the Web-Trading platform, Trending Stocks and Education Mode. Delivered and launched multiple smaller UX projects for the Web-Trading platform.
- Collaborated with the development team, research team, visual team, content team, and product team to deliver UX projects with efficiency and speed.
- Performed multiple UX audits to locate UX issues, visual/content bugs, and development bugs.
- Presented qualitative and quantitative metrics to get stakeholder engagement and buy-in, in order to push design features to the web platform.
- The new designs influenced user ratings from 2.5 stars to 4 stars.

UX/UI Designer, Perspect Analytics / perspectanalytics.com

Jun 2021 - Apr 2022 / Waterloo, ON

- Designed IntelligentMRO a data analytics product focused on using ML and AI to improve Maintenance, Repairs, and Operations workflow and inventory.
